OBJECTIONABLE ADVERTISING

WE believe objectionable advertising to be that which in any manner, to any degree, perpetrates a fraud on the public, which is couched in deceptive or indecent language, which is viciously illustrated, which advertises harmful products, which is sponsored by an Advertiser who is not able or disposed to give his customer a square deal.

Advertising adversely affecting the health, morals, or pocket-book is objectionable.

WHY WE ARE AT WAR WITH DISHONEST ADVERTISING

BECAUSE we are engaged in an honorable calling and believe in the square deal—

Because we believe that every dishonest advertiser saps the effort of every honest one; *whereas,*

Every honest advertiser helps to make dishonest advertising possible.

The success of honest and dishonest advertising alike depends on one element—the confidence of the public in advertising—but, while honest advertisers are creating this confidence, dishonest advertisers are destroying it.

Dishonest advertising undermines confidence in all advertising and lessens the producing power of the honest advertiser's expenditure.

We publish only *Honest* and *Unobjectionable* Advertising.

“The Blessings of Charity be Thine”

*“When a bit of sunshine hits ye,
After passing of a cloud;
When a fit of laughter gits ye
And ye'r spine is feeling proud;
Don't forgit to up and fling it
At a soul that's feelin' blue:
For the minit that you fling it
It's a boomerang to you.”*

—Capt. Jack Crawford.

THERE are thousands in Atlanta to-day “feelin' blue,” sick and hungry, too. The ASSOCIATED CHARITIES know them, and know also how to put “a bit o' sunshine” into their lives. Won't you out of your abundance shed a few rays of sunshine while you can, by mailing a check, right now, to the

Associated Charities

and the minit that you mail it, it'll be a boomerang to you.

The only enduring charity is that which raises a person from the depths of dependence to the heights of self-support; that's what the ASSOCIATED CHARITIES is doing.

Overland Bicycles

"FOR EVERY KNOWN PURPOSE"

Overland Bicycles have been on the market only five years—but in that short time have gained a reputation for reliability and service that would do great honor to a much older machine. We intended that it should be absolutely the best one that could be built and we are not at all surprised at its success. We knew that the quality was there—and it simply couldn't help "making good." To-day, nearly ninety per cent. of the bicycles used in Atlanta are Overlands—you can verify this statement by standing on any street corner a few minutes—9 out of every ten bicycles to pass will be Overlands. The Atlanta Police Department uses them, too. See them for yourself. Sold for cash or on easy terms.

Its Stupendous Value to Humanity is being Daily Demonstrated.

The **PSYCHOMOTOR** is a simple mechanical device linking thought to material expression in a way to make leisure hours a source of delight and profit.

Like the Typewriter, the Telegraph and the Telephone, it serves a purpose. It meets the logical requirement of a visible and objective assistant to mental and physical realization.

It is applicable to every phase of human life and expression.

It is an integral part of **THE SHELDON LEAVITT METHODS**.

For the Ill it is more Curative than Medicine; for the Unhappy it is a Wellspring of Joy, and for the Unsuccessful it is a help to Better Things.

It is a means of curing many a heartache, removing many a pain, giving strength to the weak, courage to the fainthearted and prosperity to the poor.

It is a boon to everybody.

We shall be glad to tell you about it.

I Can Make You a Convincing Speaker

says this man, Grenville Kleiser. Will you give him the opportunity?

People always listen to a man who has something to say—if he knows how to say it.

"Ninety-nine men in every hundred in the crowded professions will probably never rise above mediocrity because the training of the voice is entirely neglected and considered of no importance," wrote Gladstone.

Isn't there a world of truth in his words?

Haven't there been occasions when *you* have noted the tremendous advantage possessed by the man who can clearly express himself before one or a thousand people?

If you are lacking in this essential qualification, why not acquire it *now*?

Let Grenville Kleiser (formerly of Yale Faculty) teach you *by mail*

HOW TO SPEAK

CONFIDENTLY FLUENTLY—POWERFULLY

in Salesmanship Politics—Society—at
Public Meetings Dinners ANYWHERE

Let Him Teach You How to Develop Self-Confidence, Power and Personality

It will take only fifteen minutes of your time daily for a few months, and the results are assured. Mr. Kleiser's successful students number thousands of men in every profession and business—lawyers, physicians, bankers, clergymen, teachers, salesmen, and other ambitious men who desire to win recognition in fraternal orders and clubs.

JOSEPH P. DAY, who sells \$35,000,000 worth of New York real estate yearly, says: "I want to take this occasion to express to you my opinion of the really great educational work you are doing in teaching men public speaking by mail, and adding them to develop their selling force and personal power. You have put into your course your own personal magnetism and enthusiasm, so that men in all parts of the country now have the opportunity of receiving your splendid instruction. Your course has been of great service to me in my business, and I commend it to others in the highest terms."

THIS IS ABSOLUTE, POSITIVE AND BEYOND CONTRADICTION

Twenty-two years of actual use in hundreds of thousands of cases of disease of every name, nature or character has demonstrated the infallible power of OXYDONOR to such an unquestionable certainty that it will stand the most scrutinizing investigation.

Will you write for proof—conclusive, positive evidence of what OXYDONOR has done and is doing?

We want to send you postage free, a booklet containing complete information on how and why OXYDONOR came into existence and testimonial letters from men and women in all walks of life, and in every community who have been taken from the dismal depths of ill health and sickness to that perfect physical condition known as good health through using OXYDONOR.

Many of these people you know either personally or by repute and we know that their honest expression of OXYDONOR Knowledge will outweigh any doubt there may be in your mind as to what OXYDONOR accomplishes.

We fully endorse above statement to the public and want to state further that long years' use of OXYDONOR has shown us its priceless value as a family possession for restoring and maintaining Health. Official recognition of Dr. H. Sanche's Theory of Diaduction would soon rid the world of Disease in its most dangerous forms, but as long as this cannot be had, every intelligent person should regard it their duty to become familiar with OXYDONOR. We consider OXYDONOR the greatest discovery and invention ever made by one single man, and to be deprived of its use would mean the most serious loss we could sustain.

Eye-glasses Not Necessary

Eyesight Can Be Strengthened, and Most Forms of Diseased Eyes Successfully Treated Without Cutting or Drugging.

That the eyes can be strengthened so that eye glasses can be dispensed with in many cases has been proven beyond a doubt by the testimony of hundreds of people who publicly claim that their eye-

sight has been restored by that wonderful little instrument called "Actina." "Actina" also relieves sore and granulated lids, iritis, etc., and removes cataracts without cutting or drugging. Over 95,-

000 "Actinas" have been sold, therefore "Actina" is not an experiment, but a reliable method of treatment.

"Actina" can be used by old and young with perfect safety. It is impossible to do harm with one. Every member of the family can use the one instrument for any form of disease of the Eye, Ear, Throat or Head. One will last for years, and is always ready for use. It will be sent on trial, postpaid.

If you will send your name and address to the Actina Appliance Co., Dept. 218-N, 811 Walnut Street, Kansas City, Mo., you will receive, absolutely FREE, a valuable book—Professor Wilson's Treatise on Disease.

Free: Four Booklets Which Have Taught Many People to Cure Themselves.

A university student writes from Lincoln, Nebraska: "I have confidence in this system. It has relieved an unsightly skin and mental inertia through the valuable suggestions and hints in your four booklets. There is a mine of practical hints in them; enough to convince a sceptic were he to stick to the rules faithfully and give it a trial.

"Your little books eliminated chronic catarrh from my system in about three weeks. *To put it weakly, I was astonished.* I know now, that butter, eggs and rich cream caused the trouble. I thank you for your knowledge and hope to learn more of your system in the future."

Different Classes of Foods Cause Different Diseases.

I have produced in myself *at will* from time to time such complaints as rheumatism, catarrh, fevers, kidney trouble, blackheads, sores, dandruff, etc., by eating different classes of foods to excess, proving that the waste from each class of foods produces an entirely different disease. For instance, eggs, cream, butter, cheese, milk and salt are mucus-making foods which produce catarrh. Starch and eggs (paste-making foods) in wrong combinations congest and produce headache, dullness, brain fag, etc., while lean meats, green vegetables, and fresh, juicy fruits do not.

Correct Combinations of Foods Cure Diseases.

I have always cured the above-named symptoms in a few days or weeks by returning to a correctly combined diet. The experiments have been fascinating and the results underlie success in life.

People Write:

"My brain power and general efficiency have been about doubled this year by selecting brainy foods. I have made a fortune in real estate and the credit is honestly yours."

"The government should investigate and teach the Brainy Diet System for the good of the nation."

"The hints in Booklet No. III, on foods for curing congested liver, nourishing the brain, etc., are worth untold dollars, although the books are free."

A thin man, after being out of work nearly a year through weakness, was restored in three weeks to hard work as a carpenter at full pay. In such cases the change from a clogging, death-producing diet to energizing foods caused a literal transformation.

Another patient, deaf in the right ear, owing to a discharge caused by an excess of mucus-making foods (cream, butter, cheese, etc.), was completely cured of deafness and catarrh by taking correct combinations of suitable foods.

A case of kidney and bladder trouble of ten years' standing was saved from a surgical operation, and the objectionable discharge cured within ten days, because the loss of control was due entirely to the constant irritation from certain irritating foods and drinks.

Brainy Diet

A chronic sufferer, weighing 415 pounds, unable to exercise, took correct combinations of ordinary daily foods and reduced over 150 pounds (in public life, under many witnesses) gained strength with firmer flesh, and lost rheumatism.

Free Book to Stammerers

In this book I give the history of my own case. I quote letters from friends and neighbors who heard me stammer for nearly twenty years. I tell of the many alleged cures I tried. I explain how I found out the cause of my trouble and cured myself without drugs or knife. I give letters from people who thought my cure so wonderful and valuable to mankind that they urged me to try my method on others who stammered. I tell how I cured these pupils, too. I print letters from them, many written many years afterward, showing the permanency of the cure.

You stammer for the same reason that I did. Therefore, the same method that cured me will cure you. You should read the book at once. I will send it to you absolutely free. You will not be under any obligations to me whatever. I simply ask you to read it carefully, as you will gladly do after glancing through it. Send the coupon at once.

I will send you free a book of good advice on the cure of stammering if you will tell me how long you have stammered and your name, address and age.

L. C. Smith & Bros. Typewriter

(Ball Bearing—Long Wearing)

In buying a typewriter you want a satisfactory answer to three questions:

What will it do for me?

How well will it do it?

How long will it do it?

By answering these queries with the needs of the typewriter owner and user in mind, the L. C. Smith & Bros. Typewriter Company has attained the front rank in the typewriter field.

Some people think that a *typewriter* is a *typewriter* and that is all there is to it. Machines may look alike but there is a lot of difference in efficiency.

The new Model Five is built not only for straight correspondence but for tabulating, billing and in fact for every service needed in the average business.

Its ball bearings at all points where friction develops through action permit close adjustment and insure correct and accurate typewriting.

We would like the opportunity to tell you more about it.

Printing Lithography

WE printed this book. That, however, is not the reason for the appearance of this advertisement. Most any printing office, if it is big enough, can print a city directory. Besides, with the exception of a daily newspaper, no other work calls for such a stress on time, and this very haste for fear folks may move before its issue, effectually precludes first-class work.

The real reason for this advertisement is that on account of our exceptional mechanical facilities and the extraordinary ability of the specialists that make up our operating force, this Directory would be incomplete without specific reference to us, in the interest of those who may consult it in any matter involving the graphic arts of Printing, Lithography or any subsidiary industry.

PREFACE.

The most notable feature of Atlanta's population this year is that a large number of people have moved from the semi-business section to the outskirts, in fact so many have moved beyond the city limits that we doubt if there are as many people living inside the actual boundaries as were in 1910, nevertheless Atlanta shows her usual healthy, solid, normal growth.

Atlanta is growing so large, that even the Post Office workers can not now readily locate those who are not recorded in the City Directory, therefore we hope that every one will realize how vitally important it is that they should be correctly chronicled in the **City Directory**, a thing that costs them nothing, but may be of immense value in case of accidents, telegrams, letters, inquiries of relatives, delivery of goods or the many unexpected conditions that arise in the course of human events, in fact, a person who neglects to have correct and complete information accorded himself places himself, his friends and all whom he has dealings with at a serious and sometimes costly disadvantage.

We desire to thank all those who have aided us in our earnest efforts to give correct and complete information; because it is the large employer of labor who by his co-operation with us contributes most to the accuracy and completeness of this work.

We have carefully selected our advertisers, and commend all of them to our readers, as being worthy of patronage and confidence; they are representative of the most progressive business houses of Atlanta and America, and we will insure you against loss, if, when patronizing them, you will mention seeing their advertisement in this **Directory**.

We especially invite your attention to the Yellow Section; it is very interesting.

POPULATION, 220,372

The Directory canvasses practically all territory reached by the street cars, except Marietta and Stone Mountain lines, and in that area we find that the population is 220,372.

This City Directory is the cheapest mailing list of live names obtainable; as we furnish 9,780 real names for \$1.00.

CITY DIRECTORY YETUS—The habit of using the **City Directory** when you want information of any kind pertaining to the city, is the best paying habit you can form.

BLACK TYPE

The names appearing in **BLACK TYPE** in this directory represent the energy and enterprise of the city and it is a pleasure for the publishers of this directory to have the opportunity to make the public acquainted with them. Those in **black type** are the people who accomplish the wonders in business here and make Atlanta what it is. They recognize and support all the public necessities and things needful to improve and serve a CITY of Atlanta's magnificent possibilities. They are not the drones and sponges who never support anything, but seek rather to gain by others' hard work and money. When you patronize those in **black type** you patronize men and firms who will **PATRONIZE YOU** in the same broad manner that you patronize them.

CONCERNING NAMES NOT IN DIRECTORY

A few remarks about those whose names are not in the directory will be permissible.

Do not hold the compilers responsible for every omission, for the fault is not always theirs.

There are people who do not wish to have their names in the Directory and they exert themselves in every way to keep away from the name-takers

While it is certainly no reproach upon people to have their names in the Directory, there are a number of reasons why some wish to have their names kept out of the Directory, all of which reasons are good reasons why the public should find the names in the Directory

Included in the "Keep-Out-Clan" is the super-sensitive persons, suffering from false pride, who shrink from the exhibition of name and occupation before the public. To this class belong many young ladies and women who are holding respectable positions in the business houses of the city.
